Assalamualaikum WBT and Good Day,

In the name of Allah, the Most Gracious and the Most Merciful. All praise is due to Him, Lord of the Universe, and may prayers and peace be upon His final Prophet and Messenger, Prophet Muhammad SAW.

The Tunku Tun Aminah Library (PTTA) is a prominent landmark and the central Information Gateway of Universiti Tun Hussein Onn Malaysia (UTHM). Beyond its architectural aesthetics, PTTA functions as a vibrant hub for learning, research, and knowledge exploration, guided by its motto, "Where Wisdom Begins."

Aligned with its vision, "Aspires to be a dynamic knowledge gateway," PTTA continuously strengthens its strategic role to remain relevant within a rapidly evolving academic landscape. This is realised through the provision of responsive services, innovative facilities, and forward-looking initiatives that address the current and emerging needs of the university community.

In line with global scholarly communication trends and open science practices, PTTA supports the implementation of Open Access initiatives, strengthens institutional Research Data Management (RDM) practices, and provides structured support related to Article Processing Charges (APC) to enhance research visibility, data integrity, and high-impact scholarly publishing.

These efforts were further reinforced through the signing of a Memorandum of Agreement (MOA) between UTHM and the Academy of Sciences Malaysia (ASM), symbolising a shared commitment towards advancing national research data sharing. Notably, UTHM achieved a significant milestone as the first Malaysian Technical University Network (MTUN) institution to participate in research data sharing via the Malaysia Open Science Platform (MOSP), an initiative led by the Ministry of Science, Technology and Innovation.

Furthermore, PTTA initiates the launch of the UTHM RDM Platform, a dedicated institutional infrastructure that supports the systematic management, preservation, and sharing of research data throughout the research lifecycle. This platform enhances transparency, reproducibility, and long-term data stewardship, contributing directly to UTHM's research excellence and global standing.

Overall, PTTA remains steadfast in supporting UTHM's strategic aspirations through the provision of high-quality information resources, user-centred services, and impactful initiatives that enhance academic excellence, research performance, and institutional reputation at both national and international levels.

Finally, I would like to take this opportunity to express my sincere appreciation to the Library Publication Committee for their unwavering dedication and invaluable contributions in making this library guide a reality. May Allah reward and bless them abundantly for their efforts.

Thank you.

Zaharah Abd Samad

Chief Librarian
Tunku Tun Aminah Library

Our Journey

1993
Pusat Latihan Staf Politeknik (PLSP) Library
5,000 books
120 seats

1996
Institut Teknologi Tun Hussein Onn (ITTHO) Library

1997
Library automation system using VTLS (Virginia Technology Library System)

2000
Kolej Universiti Teknologi Tun Hussein Onn (KUiTTHO) Library
40,000 books
200 seats

2002
VTLS was replaced with ILMU (Integrated Library Management Utilities)

2004
New Branch: Town Campus Library, Parit Raja
80,000 books
300 seats

2006
Universiti Tun Hussein Onn Malaysia (UTHM) Library: Extension of the library at B5 Building (above the Bursary Office)
500 seats

2007
Groundbreaking Ceremony for the new building by Datuk Dr. Zulkefli A. Hassan, Secretary-General, Ministry of Higher Education Malaysia

Town Campus Library moved to a new building

29th April: ILMU was replaced with **SirsiDynix Symphony Library System**

New Branch: UTHM Pagoh Resource Centre at Pagoh Higher Education Hub

- **5-Star rating** in **Good Governance Rating (GGR)** 2023.
- **First Place** in the **Top 5 Gold Awards EKSA UTHM 2024** Integration Audit.
- **Collection (Digital:Printed)** 65:35 (493,000:260,000)

2008   **2010**   **2011**   **2013**   **2017**   **2021**   **2024**   **2025**

25th May: New building of **UTHM Library 16,000 square meters 160,000 books 3,000 seats**

11th June Proclamation Ceremony of Tunku Tun Aminah Library by Her Royal Highness Tunku Tun Aminah binti Sultan Ibrahim, Princess of Johor **200,000 books**

- New system: **Integrated Library System KOHA**
- UTHM Pagoh Resource Centre was moved and centralized at **Shared Facilities Library**
- **Rebranding of library catalogue** to Online Smart Catalogue for Academic Resources (OSCAR)

- Signing of **Memorandom of Agreement** between UTHM and Academy of Sciences Malaysia on **Open Access Initiatives**
- Launch of UTHM **Research Data Management (RDM)**

MOTTO

Where Wisdom Begins

VISION

Aspires to be a dynamic knowledge gateway.

MISSION

To provide and disseminate quality information resources to fulfil the academic needs and intellectual development through effective management based on Tawheed.

Objectives Quality

To ensure 100% feedback on reference material acquisition requests is provided within 5 working days after the completion of the review process.

To achieve 90% of reference materials to be catalogued within 2 weeks from the date of the library's accession date.

To achieve 3,500,000 accesses to the digital collection within one year.

To ensure 100% of Interlibrary Loan supply requests are responded to within 5 working days.

To achieve 85% attendance of new diploma and undergraduate students in the Information Literacy Skills Classes within one year.

To ensure 100% of received materials are uploaded to the Institutional Repository (e-print) within the current year.

To achieve 85% user satisfaction with library services in the current year.

Circulation Services

Membership Registration

The library will register all UTHM students and staff as library members. New students and staff are advised to check their account through the library portal. If the record is still unavailable in the Library System, users have to fill up the Membership Registration Form at the Circulation Counter. Borrowing eligibility for each member will be determined according to the patron category.

Reminder/ Overdue Notice

Reminder Notice will be sent to users through e-mail 3 days before the due date to inform users of the due date and to remind them for loan renewal. Whereas the Overdue Notice will be sent automatically 1 day after the due date. The user account will be barred if the total amount of the fine has exceeded the maximum limit allowed.

Borrowing and Returning

Borrowing and returning of library materials can be done at the Circulation Counter. Users are strongly advised to check the due date on the slip or check through the borrowing record in their library account in order to avoid fines for late returns of library materials.

| Collection Types	Fines / Day
Open Access	RM0.20
Audio Visual	RM0.50
Creative	RM0.20

Fine Payment

1	**E-debit**	Credit/debit card at the Treasurer's Office counter
2	**FPX**	Payment through internet banking to Bank Muamalat Malaysia Berhad (BMMB) account: **01070000001716**
3	**QR-Pay**	Payment via QR code (i-Muamalat & Maybank2u)
4	**JomPay**	Payment through internet banking: JomPAY **Biller Code: 39057** **Ref-1:** Matric number **Ref-2:** Identity card number JomPAY online at Internet and Mobile Banking with your Current, Savings or Credit Card account JomPAY **Biller Code: 64360** **Ref-1:** Staff number **Ref-2:** Identity card number JomPAY online at Internet and Mobile Banking with your Current, Savings or Credit Card account
Replacement of Lost Materials

Users are required to report at circulation counter if the library materials that they had borrowed were lost. Users will be given 1 month to search for the lost materials. If they still could not find it, they are required to replace the lost materials with the same materials or pay the price of the materials.

Delivery Service

Delivery Services is provided for academic staff within the campus area. This service covers reserved material that consists of open access books, audiovisual and interlibrary loan materials. Besides, user also can request for returning the materials borrowed through this service.

Renewal

Renewal can be done online through the library's user account. Users can only renew twice. Online renewal can be done before the due date.

Reservation of Library Material

All materials which are currently on loan to other users may be reserved through the online catalogue or at the Circulation Counter. Reserved items are held for the user for 7 days after the materials are returned. Users are advised to check on the status through their library account.

Rooms Reservation

The library offers different types of rooms that can be reserved by users. These rooms consist of Iqra Rooms, Hikmah Rooms, Eksplorasi Rooms, Lestari Rooms, and al-Jazari Auditorium. Reservations can be done at the Circulation Counter, Level 1.

Inter-Campus Delivery Service (ICDS)

ICDS provides delivery library material from Tunku Tun Aminah Library to academic staff and student in Pagoh UTHM Campus.

Reference and Information Services

Reference Desk

Users can discuss with the librarian to get some guidance on the information searching techniques based on the users' needs.

Information Literacy Skill Class

This class topics include materials searching techniques through OSCAR and information searching through the online databases.

Interlibrary Loan (ILL)

Interlibrary Loan (ILL) is a service which helps users to borrow library materials that are unavailable in the Tunku Tun Aminah Library but can be obtained from other local academic libraries. Reference materials that can be borrowed through this service are books, journal articles, conference proceedings, and standards.

SPECIAL USER Area

Tunku Tun Aminah Library greatly appreciates users with disabilities. We support them in the teaching and learning process here, such as:

1. User-friendly counter service for disabled users
2. Reading room for disabled users
3. Friendly toilet for disabled users
4. Volunteer services for disabled users
5. User-friendly lift for disabled users

The Disability Liaison Officer supports people with disability to access the library. Disability Liaison Officers (DLOs) provide advice and guidance on disability issues for staff and students, and liaise with disability support services.

In order to write about life,
first you must live it.

Classification of Library Materials

Materials on the shelves are arranged according to the Library of Congress Classification Scheme. This is to facilitate users in their search. A simplified classification schedule is provided as below:

A) Library of Congress Classification

A	General Works	
B	Philosophy. Psychology. Religion	
C	Auxiliary Sciences of History	
D	World History and History of Europe, Asia, Africa, Australia, New Zealand, Etc.	
E-F	History of the Americas	
G	Geography. Maps. Anthropology. Recreation	
H	Social Sciences (General)	
	HA	Statistics
	HB	Economic theory. Demography
	HC	Economic history and conditions
	HD	Industries. Land use. Labor
	HE	Transportations and communications
	HF	Commerce
	HG	Finance
	HJ	Public Finance
	HM	Sociology (General)
	HN	Social history and conditions. Social problems. Social reform
	HQ	The family. Marriage. Women
	HS	Societies: secret, benevolent, etc.
	HT	Communities. Classes. Races
	HV	Social pathology. Social and public welfare. Criminology
	HX	Socialism. Communism. Anarchism
J	Political Science	
K	Law	
L	Education	
M	Music and Books on Music	
N	Fine Arts	
P	Language and Literature	

Classification of Library Materials

Q	Science (General)	
	QA	Mathematics. Computer science. Electronic data processing
	QB	Astronomy
	QC	Physics
	QD	Chemistry
	QE	Geology
	QH	Natural history. Biology
	QK	Botany
	QL	Zoology
	QM	Human anatomy
	QP	Physiology
	QR	Microbiology
R	Medicine	
S	Agriculture	
T	Technology (General)	
	TA	Engineering (General). Civil engineering (General)
	TC	Hydraulic engineering. Ocean engineering
	TD	Environmental technology. Sanitary engineering
	TE	Highway engineering. Roads and pavements
	TF	Railroad engineering and operation
	TG	Bridge engineering
	TH	Building construction
	TJ	Mechanical engineering and machinery
	TK	Electrical engineering. Electronics. Nuclear engineering
	TL	Motor vehicles. Aeronautics. Astronautics
	TN	Mining engineering. Metallurgy
	TP	Chemical technology
	TR	Photography
	TS	Manufactures
	TT	Handicrafts. Arts and crafts
	TX	Home economics
U	Military Science	
V	Naval Science	
Z	Bibliography. Library Science. Information Resources	

Classification of Library Materials

Each book in the library has a unique call number. A call number is an address that informs where a book is placed in the library.
It consists of the following information:
- Class
- Subclasses
- Classification by area, format and etc. if any subclasses, geography, format
- Cutter Number based on the main entry e.g. the author's, corporate body, institution or title's first letter
- Year of publication
- Symbol

Example: **HD31 .U57 2020**
 HD31 ------ Subject (Industrial Design)
 .U57 ------ Cutter Number Author
 2020 ------ Year of Publication
Every call number is written from left to right in the Library Catalog and from top to bottom at spine label.

C) How to Find Library Materials on the Shelves

Materials are arranged alphabetically by classification number.
The call number is read from left to right and top to bottom.

Learning is a treasure
that will follow its owner
everywhere

An investment in knowledge

pays the best interest

Online Database:

Journal Articles and Conference Proceedings

EBSCO Discovery Service is a local search engine that makes it easy for users to search all collections at PTTA either in online or printed format. With this search engine, users can search all library collections more quickly, easily and effectively without having to make a separate search on the PTTA databases subscription website, library catalogue, UTHM repository and so on.

IEEE IEL offers access to almost all information sources available in this database. Contains 464 electronic journal titles, 19 electronic book titles, 31,852 conference papers and 10,522 standards in the field of electrical engineering, electronics and computer science published by IEEE (Institute of Electrical and Electronics Engineers) which can be downloaded in full text.

Journal Citation Reports is a systematic research tool to evaluate more than 12,557 leading journal titles based on index sources in the Web of Science (WoS). Help users understand journal performance in terms of impact factors and other metrics. Users can refer to the most frequently refereed journals, the journals with the highest impact factor and the most journals in a certain field to enable them to make evaluations and comparisons between all these journals during the article publication process.

Online Database:

Journal Articles and conference proceedings

emerald PUBLISHING

Contains more than 223 management journals covering the fields of accounting, finance & economics, business, management & strategy, human resource management, organizational studies, information & knowledge management, marketing, operations, logistics & quality, public policy & environmental management, property management & built environment and tourism & hospitality.

turnitin

Turnitin is a reference tool for checking plagiarism. This reference tool is used to obtain similarity reports for theses and Bachelor's Projects (PSM) of students at UTHM. Access licenses for the 'Student' category are 3,000 while the 'Instructor' category has no limit.

SPRINGER NATURE

SpringerNature is a comprehensive reference PDK that offers high-impact journal articles in various fields including Behavioral Science, Biomedical & Life Science, Business & Economics, Chemistry & Materials, Science, Computer Science, Earth & Environmental Science, Engineering, Humanities, Social Science & Law, Mathematics & Statistics and Physics & Astronomy.

Online Database:

Journal Articles and conference proceedings

ProQuest. ProQuest Dissertations & Theses Global is a databases containing more than 5 million dissertations and theses (2.6 million of which are accessible in full text) in all fields from leading universities around the world.

ScienceDirect — ELSEVIER — ScienceDirect is a comprehensive reference database containing 2,661 journal titles that can be accessed and downloaded. researchers, lecturers and students who offer high impact journal articles in 23 major fields including engineering, science and technology and social sciences.

grammarly — Provides real-time suggestions and edits within various platforms like web browsers, Microsoft Office, and other apps, offering features such as advanced AI, vocabulary enhancement, plagiarism detection, and generative AI for drafting and brainstorming. Grammarly offers both a free version and a premium subscription that unlocks more advanced capabilities and integrations.

Online Database:

Malaysian Laws Infomation

Database regarding Acts, Ordinances, Regulations, Bills as well as legal information regarding Malaysia in particular. It covers Acts of Parliament, Main Acts (Original), Amendment Acts, Ordinances, Supplements to Bills, Rules & Regulations, Supplements to Legislation (A), Supplements to Legislation (B), Federal Constitution, Criminal Procedure Code, Penal Code, Land Code States, Rules of Court, Court Forms, General Orders (General Orders) and "Treasury Orders"; e-Newsletter; Selected Judgments of the Privy Council and Legal Terms.

LabourLawBox provides material on industrial and employment law as contained in decisions of the Federal Court, Court of Appeal and High Court, as well as the Industrial Court. The database also provides selected practice notes, legal forms, precedents and sample agreements as they are used or used in court. This database is suitable for entrepreneurs, professionals, employers, employees, human resource personnel, labor departments, academics and researchers.

E-Books

ACCESS Engineering

AccessEngineering is a platform of interactive reference materials in the field of engineering and teaching and learning equipment that includes 889 e-book titles, 1084 videos, 59 spreadsheets, 7 case studies, and 3 tutorials.

Knovel

Knovel is the main technical reference to more than 4,800 e-book titles from leading publishers such as Elsevier, John Wiley & Sons, Institution of Engineering and Technology (IET) and American Society of Civil Engineers (ASCE) in the field of engineering, especially Civil Engineering & Construction Materials , Electrical & Power Engineering, Electronics & Semiconductors, General Engineering & Project Administration, Mechanics & Mechanical Engineering, Oil & Gas Engineering and Sustainable Energy & Development.

ProQuest

ProQuest Ebook Central provides content of nearly 211,058 e-book titles from leading publishers such as Taylor & Francis Group, Wiley and Oxford University Press in various fields including Arts, Business, Education, General, Health & Medicine, History & Political Science, Law, Literature & Language, Religion & Philosophy, Social Science and Science & Technology.

ScienceDirect ELSEVIER

ScienceDirect e-Book provides access to over 9,000 e-book titles published by Elsevier covering the subjects of Engineering, Materials Science and Chemical Engineering. E-Books on ScienceDirect provide more of the background information and they have a larger bibliography, context, and summaries of theories and studies.
